Future Educators' Signing Day

CCPS Graduate to Paraprofessional

CCPS Graduate to Paraprofessional

The CCPS Graduate to Paraprofessional initiative allows the District to target graduating seniors who have not made a decision regarding how they want to use their talents after high school. This initiative also targets graduating seniors whose postsecondary decisions afford them flexibility to work during the K – 12 school day. This targeted strategy started with the Class of 2022.

CCPS Graduate to Paraprofessional
